The American Institute of Physics, in conjunction with The Dow Chemical Company, invite you to attend

“Careers in Rheology”

This forum will feature a panel of scientists representing industry and US national labs. Panelists will each be giving a brief talk on their experiences using rheology in the commercial sector, the trajectories of their professional development, and the role that rheology plays in their company’s products and processes. Students and postdocs are especially encouraged to attend.

A reception will be held after the panel discussion.

**Event Info:**  
Sunday October 11th, 2015, 4 – 6 pm  
In the scope of the Society of Rheology 87th Annual Meeting  
Hyatt Regency Baltimore in the Inner Harbor, Baltimore, Maryland  
Forum/Panel in Constellation Room F, followed by reception in Pisces

**Chairs:**  
Matthew D. Reichert, Senior Engineer, Water & Process Solutions, Dow  
Aslin Izmitli, Associate Research Scientist, Formulation Sciences, Core R&D, Dow  
Philip ‘Bo’ Hammer, Associate Vice President, Physics Resources, American Institute of Physics

**Moderator:**  
Gerald ‘Gerry’ Fuller, Fletcher Jones II Professor of Chemical Engineering, Stanford University

**Speakers:**  
Bob Sammler, Research Scientist, Materials Science & Engineering, Core R&D, Dow  
Anthony Kotula, NRC Postdoctoral Fellow, Polymers and Complex Fluids Group, NIST  
Carlos Lopez-Barron, Senior Engineer, Advanced Characterization, ExxonMobil  
Florian Nettesheim, Senior Research Scientist, DuPont Central Research & Development  
Christine Roberts, Senior R&D Chemical Engineer, Thermal/Fluid Experimental Science, Sandia
